TRIP TO PINEY POINT, -A large number of Alexandrians, including several ladies, gathered at Prince street wharf on Saturday to embark on the steamer Charlotte Vauderbilt for Pincy Point. The steamer arrived promptly at nine o'clock and started off on her journey to the inspiring strains of music from the Alexandria Band. Although there was a large crowd on board and state rooms could not be provided, yet the polite and accommodating officers labored indefatigably to provide for the comfort of their guests and all were provided for. The trip down the river was made in quick time and after steaming down abreast of Point Lookout, the unfinished condition of the wharf there preventing a landing, she returned to Piney Point, where the day was spent in boating, fishing, bathing, &c. The Vanderbilt started on her homeward trip shortly after eight o'clock, arriving here about four this morning. All who went express themselves highly pleased with the trip and their many obligations to Captain Entwisle, Purser Waller and the other officers of the boat for their exertions to make the time pass pleasantly.

THE CANAL STRIKE -The Cumberland Alleganian and Times of Saturday prints the following in reference to the numerous stories affoat to the effect that the beatmen had struck to raise the price of coal freight to \$1 a ton :-

All the boats which have arrived up have taken out leads of coal; even the one whose captain said he had been threatened if he freighted for less than \$1 per ton. Exaggerated stories are abroad about the strike. One assertion is that forty thousand acres of Government land above Georgetown is being "staked off by boatmey. The eight mile level is away from any postoffice, and information from that locality is hard to get. About the truth of the matter is the statement given us by an intelligent boatman just arrived up, to this effect :- That there are about filteen boats at eight mile level; that many boats are tied up by owners who live along the line and are harvesting, and who will resume as soon as harvest is over; that there is no actual strike and no concerted movement; that boats will probably be scarce for a month, and that freights will be equalized.

THE SECOND PRESENTERIAN CHURCH. -During his sermon at the Second Presbyterian Church, yesterday morning, Rev. Mr. Dinwiddie, the pastor, alluded to the recent troubles in that congregation and counselled Christian forbearance and good feeling, and felicitated the members upon the settlement of the difficulties. Elders Ramsay and Parrott have withdrawn from the membership of the Second

The public distributions will take place on the evenings of the examinations, for the white schools at Peabody Hall and for Hallowell School at the African Methodist Church.

Snowden School will have no public exercises. SHORT TEAM, - The Cumberland Alleganian

"A boatman arrived up yesterday who informed us that he met a loaded boat going down, pulled by one horse and on board were the captain and one hand. This is said to be the result of the low freights. When the coal will reach tide water is a question hard to answer, though we are informed that steamers going down take compassion on the horse, and on long levels give a lift to the lonely fellow .--The horse is a gray, 'supposed to come out of the wilderness,' and his two mulish fellow laborers were taken from the boat by the sheriff, some two miles down the canal.

DROWNED .- Two negro men named Daniel city. Brown and John Williams were drowned in the Potomac near Washington, yesterday evening. They, with three companions, had been taking a sail down the river, and had capsized once, when off this city, but were rescued by the erew of the revenue vessel lying in the stream. They then came ashore and after drinking awhile at Devil's Row, they set sail again, and had nearly reached Washington when they capsized, with the above result. The other three men escaped. Brown formerly resided in this city where he drove a horse and eart for Mr. James Brannon.
